# LAM - Lista AutonomaMente
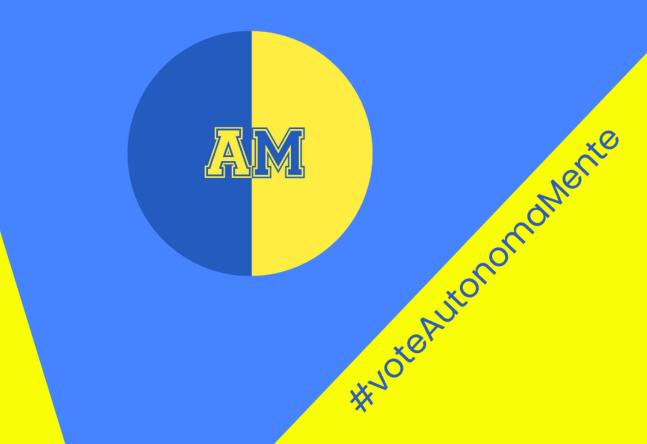

Student Representative Elections
2025

# General Electoral Program

# Education

1. **Mandatory lecture recordings:** we request that the Academic Senate maintain the obligation to record lectures for at least the next academic year.
2. **Elimination of paper forms for student procedures:** to streamline student's administrative processes, we propose eliminating paper forms (e.g., for study plans) in favor of full digitalization.
3. **Tracking system for student requests:** we propose introducing a university-wide system that allows students to monitor the progress and status of their requests and procedures in real time.
4. **Documentation in English:** considering the growing number of international students, we strongly advocate for all official websites and documents to be available in English.
5. **Internship list enhancement:** we propose updating the internship listings to include more detailed information such as contact details, specific locations, and available roles.
6. **Transport discounts for off-campus Internships:** we propose offering transport discounts for students who must travel to cities different from their main campus for curricular internships.
7. **Expanded course satisfaction surveys:** we suggest enhancing course evaluation surveys with questions on practical matters like exam scheduling on Esse3, to better assess course organization.
8. **Improved post-exam surveys:** to ensure exams align with the course content and declared learning outcomes, we propose improving post-exam evaluation forms.
9. **Traineeship information sessions:** we want to organize informative events that explain the Erasmus Traineeship program and its benefits in a clear and engaging way.
10. **Language courses for outgoing Erasmus students:** we propose offering optional short language courses tailored to different Erasmus destinations (in collaboration with CLA) to help students prepare for their experience abroad.
11. **Better Integration of Digital Platforms:** we aim to integrate the university's educational tools and platforms to reduce information fragmentation and improve user experience.
12. **Free access courses (e.g., English and IT):** we propose offering free, online English and basic IT courses through the Digital Education Hub for all university students
13. **Custom classroom requirements:** we suggest enabling instructors to request specific classroom features (e.g., chalkboards, projectors, group work setup) during the scheduling process.
14. **Inclusion of tutoring hours in the timetable:** we request that tutoring and exercise sessions be clearly included in class schedules from the beginning of the semester to improve planning.
15. **60-CFU Teaching Qualification Path Info Session:** we propose organizing informational sessions on the new 60-CFU teaching qualification track to

explain how it works and how to access it.

16. **Income-Based access to 60-CFU program:** we propose implementing a tuition fee structure for the 60-CFU pathway based on students' ISEE (family income declaration), to ensure equitable access.

17. **University-wide research fair:** we propose organizing a university-wide research fair to showcase research projects and facilitate thesis opportunities and networking.

18. **Remote learning in case of transport strikes:** we request that students be allowed to attend classes remotely during public transport strikes or emergencies.

19. **Standardizing partial exam regulations:** We propose implementing clear and shared guidelines across the university for organizing partial exams during teaching periods.

# Facilities & Sustainability

20. **Expanding green areas:** we propose increasing green spaces on the Piazzale Europa campus and satellite campuses, as they support both environmental and mental wellbeing.
21. **Sustainable materials in renovations:** we encourage the use of sustainable materials, such as anti-smog paints, for indoor and outdoor renovation works.
22. **Water fountains in every building:** we request that at least one water fountain be installed in every university building.
23. **Bike racks:** To support sustainable mobility, we propose installing additional bike racks at both central and satellite campuses.
24. **Enhanced book-crossing spaces:** we suggest expanding and improving book-crossing zones by adding seating and proper lighting to encourage reading and knowledge sharing.
25. **Dedicated lunchrooms:** we propose assigning at least one lunch-friendly room per building to accommodate students during mealtimes.
26. **Outdoor gyms:** we propose installing outdoor fitness equipment on the Piazzale Europa campus to promote physical wellness.
27. **Smart Signage:** we propose replacing outdated signage with remote-controlled, digital signs that can be easily updated.
28. **Electrical outlets in all classrooms:** we request the installation of power outlets in all classrooms to support the use of digital devices during lessons.
29. **Multilingual campus signage:** we propose translating campus signage into English to assist international students.
30. **Building floor maps:** we propose posting floor-by-floor maps in all university buildings (initially physical, then digital) for easier navigation.
31. **Oudoor bouldering wall:** we propose building a bouldering wall within the university to offer an alternative outdoor physical activity option.
32. **Microwaves and kettles in every building:** we request the installation of at least one microwave and kettle per building to support students during meal breaks.
33. **Student involvement in accessibility planning (PEBA):** we propose involving students in both the planning and monitoring phases of the university's Accessibility Plan (PEBA).
34. **Recreational areas in Gorizia:** we propose installing outdoor ping pong tables and indoor foosball tables in underused areas of the Gorizia campus.
35. **Comfortable green spaces:** we suggest adding deck chairs or loungers in green areas to make them more usable and inviting.

# Welfare & Student Rights

36. **Maintain no-tax area at €30,000:** we support preserving the current no-tax threshold to ensure that higher education remains accessible to all.

37. **Lower tuition for master's students:** to encourage enrollment in local graduate programs, we propose tuition reductions for students continuing at UniTS after earning their bachelor's degree.

38. **Inclusive alias careers policy:** we advocate for expanding the alias career system by removing the requirement for medical transition, making it more accessible.

39. **Creation of a UniTS alumni association:** we propose establishing a central alumni network to help current students connect with graduates and explore career paths.

40. **Reopening of Gorizia campus bar:** we support reactivating the former bar space in the Gorizia campus as a refreshment and social zone.

41. **More agreements with language schools:** we propose increasing agreements with external language schools and certifying institutions since the CLA currently does not issue certifications.

42. **Bank account setup during enrollment:** we request that students be given the option to open a free bank account during enrollment, to receive scholarships and reimbursements.

43. **More Student Discounts & Partnerships:** we propose expanding university partnerships for both cultural and recreational discounts.

44. **Team Registry (Albo dei Team):** we propose creating an official registry of student teams to recognize and support their activities, including visibility on the university website.

45. **Awareness Events for the 175-Hour Scholarship:** we propose holding info sessions with testimonials from past recipients to explain how the 175-hour scholarship program works.

46. **Indicate preferred fields in 175-Hour applications:** we suggest allowing students to indicate their preferred fields of work within the 175-hour program application.

47. **Improved printing services:** we request enabling students to top up printing credits and ensuring equal access to printing services across all campuses.

48. **Extension of 175-Hour collaborations:** we propose allowing departments to extend student collaborations for a limited number of hours if agreed upon.

49. **ARDiS scholarship call in English:** we advocate for translating the ARDiS grant call into English to support international students.

50. **Alias careers in ARDiS:** we support the implementation of alias careers within ARDiS to ensure consistency in student rights.

51. **Special needs section in housing applications:** we propose adding a

**LAM - Lista AutonomaMente**

section in student housing applications to express personal needs and circumstances.

52. **Earlier scholarship rankings for freshmen:** we propose aligning the release of scholarship rankings with the start of classes to support new students from day one.

53. **Extended kitchen hours in student housing:** we request longer kitchen hours in student housing to accommodate different student schedules.

54. **More diverse cafeteria options:** we propose expanding cafeteria food choices, such as reintroducing the beloved chicken dish.

55. **Instructional video guides:** we propose creating short, clear video tutorials explaining key university processes (e.g., study plan submission).

56. **Centralized psychological support role:** we want to establish an institutional figure responsible for student psychological wellbeing, accessible and student focused.

57. **Faculty training on student wellbeing:** we propose organizing wellbeing awareness sessions for faculty members, through the Teaching and Learning Center.

58. **Visibility for student protection figures:** we propose posting contact info for student protection roles (ombudsman, trusted advisor) on a dedicated university-wide board.

59. **Digital accessibility:** we request all university websites and platforms include features such as audio guidance, adjustable font spacing, and other accessibility tools.

60. **First aid courses:** we propose offering low-cost (or free) first aid courses for students, promoting health and safety on campus.

61. **Improved transportation in Gorizia:** we support enhancing shuttle service between Gorizia's train station and campus, especially during high-traffic periods.

62. **Call for applications for the study and sport programme**: we request the establishment of a call for applications, with all the information needed to apply for admission to the study and sport programme, such as timelines and the criteria for assessing applications.

63. **Fee reductions:** we ask that objective criteria be established to be able to access fee reductions for top student athletes.

64. **Number of student athletes:** we request that the number of students eligible for the study and sport programme be increased.

65. **Recognition of student athlete status:** we request that there be formal recognition of student athlete status.

66. **Discounted membership for ARDiS grant recipients:** we request reduced (or free) CUS membership fees for students receiving ARDiS financial aid.

67. **New CUS agreements:** we propose the creation of new partnerships between CUS and regional organizations.

68. **Free self-defense courses:** we request the introduction of free self-defense courses.

69. **Sports course satisfaction surveys:** we propose regular surveys to evaluate sports courses, including feedback on training schedules.
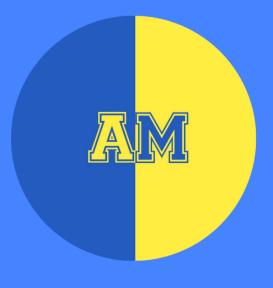

# Our MO candidates

## For the Board of Trustees

**Enrico Candotti**

**Riccardo Samaritan**

## For the Academic Senate

**Anna Colussi**

**Francesco Sulli**

**Gianluca Polancec**

**Riccardo Sclip**

## For the students commitee in ARDiS

**Julia Vasiliu**

**Mattia Donisi**

**Sofia D'Ambrosio**

## For the CSU

**Giovanni Chiusso**

**Giovanni Tartaglia**

Vote on April 9th and 10th

# LAM - Lista AutonomaMente
