

**UNIVERSITÀ
DEGLI STUDI
DI TRIESTE**

Dipartimento di Scienze Chimiche e Farmaceutiche

DESCRIZIONE DELLA FORNITURA:

- 20 substrati in silice fusa 10x10x1mm;
- 10 substrati in quarzo fuso 10x10x1mm con film sottile di ITO;

SUPPLY DESCRIPTION:

- 20 plates of UV Fused Silica, 10x10x1 mm;
- 10 plates of ITO coated fused quartz, 10x10x1mm;

Best regards,

Dear Valeria

Valeria Lanzilotto

Please find attached the quotation for the JGS1 fused silica and the ITO coated.

Please bear in mind that prices decrease a lot with quantities. Usually for ITO coated glass the minimum quantity is 25 pcs, but I quoted the quantities you requested.

Please also correct the delivery address, I am not sure it is the correct one.

Let me know if you have any questions.

Best regards

Ernesto

Oggetto: UV grade fused Silica and ITO coated fused silica

Dear Valeria

Thanks for you contact

Dear Ernesto,

thank you for your email. We are interested in:

1) yes we do provide different types of UV grade fused silica. JGS1 and JGS3 are two asian fused silica that are really standard among the R&D community. We can also get the Corning brand for example 7980 which is more expensive. I am attaching both specs and transmission curves.

- 1. JGS1 (equivalent to Suprasil 1 and 2). Square Size 10x10mm; Thickness 1mm; Polished sides; **20 PIECES**;

2) for the ITO coated fused silica. A standard fused silica would work?

Regarding the ITO coatings, which substrates can you provide, both JGS2 and JGS1?

I have the feeling that JGS2 is sufficient, as ITO strongly absorbs at 300 nm, is it right?

Thanks
Ernesto

BTW, if you can provide both solutions, please quote:

- 2. ITO-coated JGS2. Square Size 10x10mm; Thickness 1mm; Surface resistivity 12 ohm/cm2; Polished sides; **10 PIECES**
- 3. ITO-coated JGS1. Square Size 10x10mm; Thickness 1mm; Surface resistivity 12

Dear Dr. Lanzilotto,

thank you again for your inquiry.

Attached to this e-mail, please find our quotation U-23 260430 contained in a PDF file.

The minimum order quantity for the uncoated quartz is 20 pieces.

I also quoted more economical higher batch quantities for your information.

If I can be of any further assistance or if you need further information, please do not hesitate to contact me.

Best regards

Stephan Koethe

Dear Sir/Madam,

I'm Dr. Valeria Lanzilotto, researcher at the University of Trieste (Italy).
I'm looking for some products that your company seems able to provide.
Is it possible to have a quotation for the following items?

- UV-grade fused silica window; square; size 10x10mm; thickness ca. 1 mm; polished sides; **20 PIECES**
- ITO coated optical-grade fused quartz window; square; size 10x10mm; thickness

ca. 1 mm; polished sides; **10 PIECES.**

I hope to hear from you soon,

With my best regards,

Valeria Lanzilotto

Dear Kelvin,

I discussed with my colleagues and check better the products you offer. It comes out we are interested to buy **UV fused silica plates (PFS-1010)** instead of the fused quartz ones. Moreover, we are also interested to buy ITO coated fused quartz windows.

Could you please provide a new offer for the following items?

- PFS-1010, UV fused silica plates 10x10x1mm: 20 pieces
- IQP-101, ITO coated fused quartz 10x10x1mm: 10 pieces

Thank you in advance for your patience.

With my best regards,

Valeria Lanzilotto

The image shows the UJG Optics logo, which consists of a stylized 'U' and 'G' in a square, followed by 'UJG OPTICS' in a bold, sans-serif font. Below the logo, it says 'Optical Components & Technical Glasses' and 'Custom Stock Services CAMBRIDGE, UK'. To the right of the logo is a photograph of various optical components, including lenses, filters, and prisms, arranged on a grid. Below the photograph is the website address 'www.ujgoptics.com'. To the left of the photograph is a list of 'Specialist Products Include:' with four bullet points: '> Optical Windows', '> Optical Filters', '> Optical Lenses', '> Optical Beams', '> Optical Prisms', '> Laboratory', '> Technical Glasses', and '> Optical Services'. Below the list is the company name 'UJG Optics, The Norman Industrial Estate, 97-101 Cambridge Road, Milton, Cambridge, CB24 6AT, UK' and contact information: 'Tel | +40 44 (0) 1223 420329 Email | info@ujgoptics.com'.

Subject: Fused quartz sheets

Dear Sir/Madame,

I'm a researcher at the Department of Chemical and Pharmaceutical Sciences of Trieste University (ITALY).

I'm interested in "Fused quartz sheets" and I sent a quote request last week through the on-line form.

I did not receive any answer, so I'm trying to contact you by mail.

I would like to have a quotation for

- FQP-1010 Fused Quartz Plate 10x10x1 5 pieces
- FQP-201 Fused Quartz Plate 20x20x1 5 pieces

I hope to hear from you soon.

With my best regards,

Valeria Lanzilotto

Gentile Elisa,

sono la dott.ssa Lanzilotto e collaboro con il prof. A. Cossaro.

Vorremmo procedere con l'acquisto di alcuni substrati (fused silica e ITO) da mettere sul progetto ODYSSEY/PRIN2022.

A questo scopo ho raccolto quattro quotazioni differenti:

- **UQG optics (inglese)** - Vedi email sottostante offerta **KB11189**
- **gpo (tedesca)** – vedi file ..._pgo.pdf
- **NWQ (tedesca)** – vedi file ...NWQ.pdf
- **Photon Export (spagnola)** – vedi file QPHEX3816....pdf

La migliore risulta quella inglese, ti allego anche un foglio excel con la comparazione.

Se possibile direi di procedere quanto prima con **UQG optics**.

Valeria
