Subject
Proposal for ESTECO Training and Engineering Services

Dear Dr. Todea,

Following our conversations here is our proposal for a Training and Engineering service.

If you agree with the conditions and pricing mentioned in this offer please send your purchase order referring to this proposal (ref. T23-EA006_UniTS) and send it to clarich@esteco.com cc: administration@esteco.com.

Should you have any questions or require any additional information, please do not hesitate to contact me.

Yours sincerely,

Alberto Clarich
Head of Engineering, ESTECO

Training Services offer

This offer includes the following services:

- Basic training to get started in the usage of the optimization software modeFRONTIER
- Support in the definition of a process automation workflow in modeFRONTIER for the automatic evaluation of numerical simulations on the cluster available at University of Trieste, by integrating the software used at Department of Chemical and Pharmaceutical Sciences
- Testing, debugging and application of the automation workflow for the execution of the simulations

Pricing

The agreed price for the above mentioned services is **2,500 eur**

Offer terms and conditions

- All prices are exclusive of VAT and other local taxes.
- All payments will be to ESTECO SpA in Trieste, Italy.
- This offer is valid for 30 days after being issued by ESTECO.
- While engaging this offer, a customer accepts the terms and conditions as outlined in the End User License Agreement. A copy of this agreement is attached with this proposal. One signed copy of the End User License Agreement must be received by ESTECO.
- ESTECO retains the right to adjust the offered prices if the exchange rate at the purchase date differs more than 5% compared to the rate at the day of this license offer.
- The End User License Agreement, the license offer or any other license shall be governed by the laws of Italy. Applicability of the 1980 United Nations Convention on Contracts for the International Sale of Goods is excluded.
- All copyrights of the delivered programs, databases, models, or documents remain the exclusive property of ESTECO. No programs, databases, models or documents may be copied or translated in any form whatsoever.
- The usage of the programs is restricted to the site and computers considered. Network access from other sites is not included, unless explicitly permitted.
- The software, temporary license key and documentation will be sent when a signed purchase order or a different type of 'declaration of intent to buy the software', is received and accepted by ESTECO.

Confidentiality

This document contains information which is confidential to ESTECO and is submitted to IDAJ on the basis that it must not be used in any way nor disclosed to any other party, either whole or in part. The only exception to this is that the information may be disclosed to employees or professional advisors to IDAJ where such disclosure is on a need to know basis, and is for the purpose of considering this document. Otherwise disclosures may not take place without the prior written consent of both parties.

Disclaimer

All the information, representations, statements, opinions and proposals in this document are correct and accurate to the best of our present knowledge but are not intended (and should not be taken) to be contractually binding unless and until they become the subject of separate, specific agreement between the parties.

ESTECO Privacy Policy

This document was prepared with the personal data you provided to ESTECO when requesting an offer for software and/or services in accordance with our Privacy Policy. <https://www.esteco.com/legal>
